

To contract the electric supply for works or constructions, we need:

- Certificate of electrical installation (the certificate holder has to be a person or a company).
- Company registration or Certificate of incorporation (for when the contract holder is a company).
- Passport or identity card of the contract holder or of the company representative.
- Signed authorisation of the contract holder if he/she can't come.
- IBAN number.

Contract price: 95€ (+IGI): for contracts up to 20 kW (from 0 to 20 kW).
 315€ (+IGI): for contracts over 21kW.

Contract for works are provisional and have a validity of 2 years.
